

MEMORANDUM

From: Hon. JoAnn Johnson
Re: Extension of Court Closure
Date: April 15, 2020

“As of today, our presiding judge announced that the Chief Justice has extended the court closure until May 12. More information will be forthcoming and, of course, posted on the court's website once the formal order is signed. The Ventura County public health officer has extended the county's order through May 15, although that order has not yet been officially posted either. Either way, more information will be forthcoming on the court's website and the county's website, however I wanted to let the FL bar know as soon as possible.

For those of you who have cases set for April 20 through the new closure date, these will be continued.

Please keep checking the court and county websites for more information.”
