VENTURA COUNTY BAR ASSOCIATION

BARRISTERS PRESENTS

SB 574 and AI: What Has to Be in Place by January 1st

LEOR SIDIS is a Thousand Oaks systems integrator and vCIO, and co-founder and CTO of Exodus IT, a Microsoft AI Cloud Partner. He works with Conejo and Ventura law offices on AI and security.

The Ventura County Bar Association is an approved State Bar of California Multiple Activity Provider and LSMCLE for Estate Planning, Trust & Probate Law (#2216). This participatory activity is approved for MCLE credit in the amount of 1 hour in Technology in the practice of law. VCBA certifies that this activity conforms to the standards for approved education activities prescribed by the rules and regulations of the State Bar of California governing continuing legal education. Fees are non-refundable but a credit memo will be issued in the event of a cancellation notice prior to 12/14/26.

DECEMBER 15, 2026 ▪ 12:00 PM

This MCLE will cover SB 574 which takes effect January 1. It bars attorneys from putting confidential or client-identifying information into generative AI unless access is limited to people bound by confidentiality, and it requires attorneys to verify AI output and citations and to disclose AI use to courts. This 60-minute session covers the technical side of getting ready: which AI tools actually meet the access-restriction rule, how to lock down client data and keep an audit trail, a simple citation-check workflow, and a one-page staff AI policy. It's educational, with no product pitch. Attendees get a staff AI policy template and a citation-check checklist.

Please return with check to VCBA, 4475 Market St., Suite B, Ventura, CA 93003.
